

BROCKHOLES

Nature - Spy

*Saturday 1st March
11am-4pm*

DISCOVER THE WORLD OF

WILDLIFE CAMERA TRAPPING!

This workshop will start with a classroom session to look at the pictures that can be captured with a camera trap, along with how and why they are used in wildlife conservation.

Then you will learn how to set-up a camera trap to obtain the best results, followed by a look around Brockholes and a few trial runs with the cameras.

Pre-booking is essential and we advise you to book early. This activity is aimed at adults (16 plus) and is not suitable for children.

£20 per person (including car parking)

Lancashire,
Manchester &
